Massage

Relaxation Massage

60 min \$175 | 90 min \$230 | 120 min \$282

A Swedish relaxation massage is the most common and best-known type of massage. This is a light-to-medium pressure, soothing, rhythmic, full body massage that helps to relieve muscular tension, improve circulation and relax the body and mind.

Deep Tissue Massage

60 min \$175 | 90 min \$230 | 120 min \$282

Deep tissue massage consists of different techniques using forearms, fists, elbows and hands, and can include some trigger point work. The pressure is medium-hard and is used to circulate the blood, to get into the connective tissues and release tight muscles and areas of tension. Perfect to aid in recovery after an adventure day sightseeing, hiking, biking, skiing or snowboarding. Your therapist will tailor your massage to your specific needs to get you back in action sooner.

The Muscle Release

90 min \$240 | 120 min \$290

An intensive massage that works deep into stiff, tight, aching muscles to instantly release pain and tension.

This deeply restorative treatment is specifically designed for stressed and aching muscles. Swedish and cross muscle fibre massage techniques, with trigger points and fascia release, are combined with essential oils known for their beneficial effects on the circulation.

Pregnancy Massage

60 min \$175 | 90 min \$230 | 120 min \$282

Pregnancy massage is a nurturing, flowing massage for the mother-to-be to ease her body and mind, concentrating on all those pregnancy aches through the feet, legs, lower back, neck and shoulders. We use a natural side-lying position on the table, comfortably supported with specifically-placed pillows for the ultimate rejuvenating experience.

*Please be aware that pregnancy massage can only be performed from 13 weeks.

Signature Massage

120 min \$290

This full body massage has been designed to gain proven results for body, mind and spirit. Perfect for relieving the stress of modern day life, it starts with a consultation to find out what your physical and emotional needs are, and from there your therapist will carry out an aroma test to allow you to choose the oil most suitable for you.

With your chosen oil, your therapist will use carefully applied pressures to stimulate the nervous system, Swedish and neuromuscular techniques to relieve muscular tension, and lymphatic drainage to encourage healthy circulation. This treatment works from your head to your toes and includes a deeply relaxing face and scalp massage, dissolving away all of your stress and tension.

Couples' Massage

60 min \$345 | 90 min \$460

A romantic couples' side-by-side Swedish relaxation massage.
